(b) Compensation does not include:

(i) the contributions made pursuant to 19-3-403(4)(a) for members of a bargaining unit;

(ii) in-kind goods provided by the employer, such as uniforms, housing, transportation, or meals;

(iii) in-kind services, such as the retraining allowance paid pursuant to 2-18-622, or employment-related services;

(iv) contributions to group insurance, such as that provided under 2-18-701 through 2-18-704; and

(v) lump-sum payments for compensatory leave, sick leave, or annual leave paid without termination of employment.

(2) "Contracting employer" means any political subdivision or governmental entity that has contracted to come into the system under this chapter.

(c) For a vested member who does not have 36 consecutive months of membership service, highest average compensation means the highest total compensation earned during any 36 consecutive calendar months divided by 36.

(d) Lump-sum payments for severance pay, including payment for compensatory leave, sick leave, and annual leave, paid to the member upon termination of employment may be used in the calculation of a retirement benefit only to the extent that they are used to replace, on a month-for-month basis, the regular compensation for a month or months included in the calculation of the highest average compensation. A lump-sum payment may not be added to a single month's compensation.

(7) "Initially hired" means the earliest date on which an individual is first hired into or employed in a covered position, which may not necessarily be an employee's current covered position.

**"2-18-703. Contributions.** (1) Each Except as provided in [section 2(4)], each agency, as defined in 2-18-601, and the state compensation insurance fund shall contribute the amount specified in this section toward the group benefits cost.

(2) For employees defined in 2-18-701 and for members of the legislature, the employer contribution for group benefits is \$626 a month from January 2009 through December 2009, \$679 a month from January 2010 through December 2010, and \$733 for January 2011 and for each succeeding month. For employees of the Montana university system, the employer contribution for group benefits is \$626 a month from July 2008 through June 2009, \$679 a month from July 2009 through June 2010, and \$733 for July 2010 and for each succeeding month. If a state employee is terminated to achieve a reduction in force, the continuation of contributions for group benefits beyond the termination date is subject to negotiation under 39-31-305. Permanent part-time, seasonal part-time, and temporary part-time employees who are regularly scheduled to work less than 20 hours a week are not eligible for the group benefit contribution. An employee who elects not to be covered by a state-sponsored group benefit plan may not receive the state contribution. A portion of the employer contribution for group benefits may be applied to an employee's costs for participation in Part B of medicare under Title XVIII of the Social Security Act, as amended, if the state group benefit plan is the secondary payer and medicare the primary payer.

(3) For employees of elementary and high school districts, the employer's contributions may exceed but may not be less than \$10 a month.

(4) (a) For employees of political subdivisions, as defined in 2-9-101, except school districts, the employer's contributions may exceed but may not be less than \$10 a month.

(b) Subject to the public hearing requirement provided in 2-9-212(2)(b), the amount in excess of the base contribution of a local government's property tax levy for contributions for group benefits as determined in subsection (4)(c) is not subject to the mill levy calculation limitation provided for in 15-10-420.

(c) (i) Subject to subsections (4)(c)(ii) and (4)(c)(iii), the base contribution is determined by multiplying the average annual contribution for each employee on July 1, 1999, times the number of employees for whom the employer makes contributions for group benefits under 2-9-212 on July 1 of each fiscal year.

(ii) If a political subdivision did not make contributions for group benefits on or before July 1, 1999, and subsequently does so, the base contribution is determined by multiplying the average annual contribution for each employee in the first year

the political subdivision provides contributions for group benefits times the number of employees for whom the employer makes contributions for group benefits under 2-9-212 on July 1 of each fiscal year.

(iii) If a political subdivision has made contributions for group benefits but has not previously levied for contributions in excess of the base contribution, the political subdivision's base is determined by multiplying the average annual contribution for each employee at the beginning of the fiscal year immediately preceding the year in which the levy will first be levied times the number of employees for whom the employer made contributions for group benefits under 2-9-212 in that fiscal year.

(5) Unused employer contributions for any state employee must be transferred to an account established for this purpose by the department of administration and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member.

(6) Unused employer contributions for any government employee may be transferred to an account established for this purpose by a self-insured government and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member or to increase the reserves of the group.

(7) The laws prohibiting discrimination on the basis of marital status in Title 49 do not prohibit bona fide group insurance plans from providing greater or additional contributions for insurance benefits to employees with dependents than to employees without dependents or with fewer dependents."
